RECOMMENDATIONS

Dmitry Yankovsky, Instructor at TeachMeSkills

It is my pleasure to strongly recommend Veronika Kuznetsova for a position as a Front-end developer. I am Dmitry Yankouski, a front-end developer in ITechArt with 7 years experience. For 4 months, I taught Veronika a course on javascript and react as part of the training of specialists at TeachMeSkills. During her studies, she proved herself to be responsible and purposeful person. I am sure Veronika has the necessary knowledge in order to work on different projects as a front-end developer. I was glad to be able to teach such a self-motivated person.
